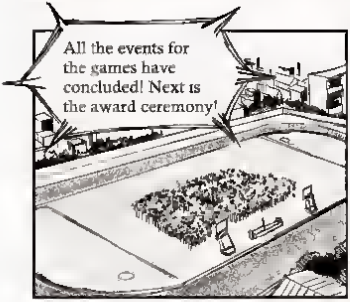
Mum can rest assured far
that you can be in a class like that



All the events for the games have concluded! Next is the award ceremony!

She must be special for daring to talk so big! If our class won't be disbanded
Tsk! Talk big but you can't win a fight against Her Majesty!
I'll continue to fight for the throne!

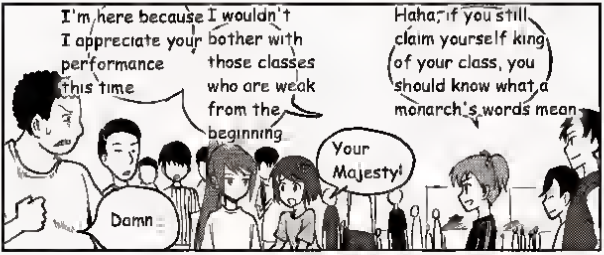
Yes, the loser between we two classes is going to get a throw in the bottoms by bean bag



I'm here because I appreciate your performance this time
I wouldn't bother with those classes who are weak from the beginning
Haha, if you still claim yourself king of your class, you should know what a monarch's words mean
Your Majesty!

各位读者大家好= =~~~

运动会这一大章节至此结束，画的我整个人都煤渣操场了……

有人反映剧情过于阴暗，其实我也是这么觉得，但这欲罢不能的快感是怎么回事……咳咳……总之接下来的几章暂时不会这样了，是该画些日常轻松的了~~~

T/N: The author basically said the following two points
1. Someone said to me the story is too dark. But it feels frickin' good while drawing. Next chapters will be more light hearted daily life.
2. Single volumes will come out. I didn't expect this grassroot webcomic will really get published one day.

Some yuri fan art to warm you up for future light heorted chapters
And I didn't translate the author's comments.
